- B. Procedure of law-making
- C. **Ideals and objectives of the Constitution**
- D. Duties of citizens

Answer: C

11. How many Fundamental Rights were originally provided in the Constitution?

- A. Five
- B. Six
- C. **Seven**
- D. Eight

Answer: C

12. At present, how many Fundamental Rights are there?

- A. Seven
- B. **Six**
- C. Five
- D. Eight

Answer: B

13. Which Fundamental Right was removed by Constitutional Amendment?

- A. Right to Equality
- B. Right to Freedom
- C. **Right to Property**
- D. Right to Religion

Answer: C

14. Article 14 guarantees:

- A. Equal pay for equal work
- B. **Equality before law and equal protection of laws**
- C. Equal representation

D. Economic equality

Answer: B

15. Which of the following is a Right to Freedom?

A. Freedom of religion

B. Freedom of speech and expression

C. Freedom to vote

D. Freedom to property

Answer: B

16. Right against Exploitation mainly prohibits:

A. Religious conversion

B. Human trafficking and child labour

C. Untouchability

D. Discrimination

Answer: B

17. Which age group is protected from factory work under Fundamental Rights?

A. Below 18 years

B. Below 16 years

C. Below 14 years

D. Below 12 years

Answer: C

18. India is a secular country because:

A. It has many religions

B. The State treats all religions equally

C. Religion is compulsory

D. Only one religion is followed

Answer: B

19. Which group is mainly protected under Cultural and Educational Rights?

A. Majority community

B. Minorities

C. Government servants

D. Foreigners

Answer: B

20. Right to Constitutional Remedies is provided under Article:

A. 19

B. 21

C. 32

D. 44

Answer: C

21. Fundamental Rights can be suspended during:

A. Normal times

B. National Emergency

C. State elections

D. President's rule

Answer: B

22. Fundamental Rights are:

A. Absolute

B. Unlimited

C. Subject to reasonable restrictions

D. Only moral rights

Answer: C

23. Which Fundamental Right is called the "heart and soul" of the Constitution?

A. Right to Equality

B. Right to Religion

C. Right to Constitutional Remedies

D. Right to Freedom

Answer: C

24. Fundamental Duties are mentioned in which Part of the Constitution of India?

A. Part III

B. Part IVA

C. Part IV

D. Part V

Answer: Part IVA

25. Fundamental Duties were added to the Constitution by:

A. 24th Amendment Act

B. 42nd Amendment Act, 1976

C. 44th Amendment Act

D. 52nd Amendment Act

Answer: 42nd Amendment Act, 1976

26. How many Fundamental Duties were originally included in the Constitution in 1976?

A. 8

B. 9

C. 10

D. 11

Answer: 10

27. At present, how many Fundamental Duties are there?

A. 9

B. 10

C. 11

D. 12

Answer: 11

28. The 11th Fundamental Duty was added by which Constitutional Amendment?

A. 42nd Amendment Act

B. 44th Amendment Act

C. 86th Amendment Act, 2002

D. 91st Amendment Act

Answer: 86th Amendment Act, 2002

29. Fundamental Duties are applicable to:

A. All persons

B. Citizens and foreigners

C. Citizens only

D. Government only

Answer: Citizens only

30. Which of the following is a Fundamental Duty?

A. Right to vote

B. Freedom of speech

C. To protect the environment

D. Right to property

Answer: To protect the environment

31. Fundamental Duties are inspired by the Constitution of:

A. USA

B. UK

C. USSR (Russia)

D. France

Answer: USSR (Russia)

32. Which Fundamental Duty promotes harmony and brotherhood among people?

A. Protect public property

B. Promote unity and brotherhood

C. Develop scientific temper

D. Safeguard sovereignty

Answer: Promote unity and brotherhood

33. Fundamental Duties are:

A. Research funding

B. Moral principles guiding research conduct

C. Writing skills

D. Data analysis tools

Answer: Moral principles guiding research conduct

113. Informed consent means:

A. Forcing participation

B. Participants voluntarily agree after full information

C. Researchers decide participation

D. Consent after experiment

Answer: Participants voluntarily agree after full information

114. Plagiarism refers to:

A. Using own work

B. Using others' work without acknowledgment

C. Rewriting properly

D. Quoting sources

Answer: Using others' work without acknowledgment

115. Fabrication in research means:

A. Correcting errors

B. Making up data or results

C. Editing language

D. Interpreting findings

Answer: Making up data or results

116. Falsification in research involves:

A. Collecting more data

B. Manipulating data or results

C. Publishing results

D. Peer review

Answer: Manipulating data or results

117. Confidentiality in research requires:

A. Publishing all data

B. Protecting participants' personal information

C. Sharing data freely

D. Ignoring privacy

Answer: Protecting participants' personal information

118. Which of the following is an ethical issue in research?

A. Using proper methods

B. Conflict of interest

C. Clear reporting

D. Accurate citation

Answer: Conflict of interest

119. Anonymity in research means:

A. Researcher identity hidden

B. Participant identity cannot be identified

C. Data unpublished

D. Secret funding

Answer: Participant identity cannot be identified

120. Beneficence in research ethics means:

A. Avoiding research

B. Maximizing benefits and minimizing harm

C. Equal treatment only

D. Publishing fast

Answer: Maximizing benefits and minimizing harm

121. Data privacy in research is related to:

A. Speed of publication

B. Protection of personal information

C. Sample size

D. Hypothesis testing

Answer: Protection of personal information

122. Which of the following reflects ethical workplace behaviour?

A. Taking credit for others' work

B. Ignoring safety rules

C. Respecting colleagues and diversity

D. Misusing office resources

Answer: Respecting colleagues and diversity

123. Professional integrity ultimately leads to:

A. Short-term success

B. Personal power

C. Long-term trust and organizational reputation

Answer: Social contract stage

133. Stage 6 of Kohlberg's theory emphasizes:

A. Legal rules

B. Social approval

C. Universal ethical principles

D. Self-interest

Answer: Universal ethical principles

134. According to Kohlberg, not all individuals reach:

A. Pre-conventional level

B. Conventional level

C. Post-conventional level

D. Stage 2

Answer: Post-conventional level

135. The post-conventional level of Kohlberg is based on:

A. Obedience

B. Social norms

C. Universal moral principles

D. Rewards

Answer: Universal moral principles

136. The primary ethical responsibility of an engineer is to ensure:

A. Client satisfaction

B. Public safety

C. Company profit

D. Personal growth

Answer: Public safety

137. Which ethical principle requires engineers to avoid harm?

A. Autonomy

B. Non-maleficence

C. Confidentiality

D. Loyalty

Answer: Non-maleficence

138. Risk assessment in engineering is done to:

A. Eliminate all costs

B. Increase profits

C. Identify and reduce potential hazards

D. Speed up work

Answer: Identify and reduce potential hazards

139. Ethical safety practices help in:

A. Short-term gains

B. Avoiding innovation

C. Sustainable and safe development

D. Reducing accountability

Answer: Sustainable and safe development

140. Computer science engineering ethics mainly deals with:

A. Programming speed

B. Ethical use of technology and computing systems

C. Hardware design only

D. Business management

Answer: Ethical use of technology and computing systems

141. Plagiarism in computer science includes:

A. Writing clean code

B. Using open-source software

C. Copying code without permission or acknowledgment

D. Debugging shared code

Answer: Copying code without permission or acknowledgment

142. Software engineers should ensure their programs are:

A. Fast only

B. Profitable

C. Reliable, safe, and secure

D. Complex

Answer: Reliable, safe, and secure

143. Responsible use of Artificial Intelligence requires:

A. Maximum automation

B. Ignoring consequences

C. Transparency and accountability

D. Speed over safety

Answer: Transparency and accountability

144. Intellectual Property Rights in computer science protect:

A. Internet access

B. Data speed

C. Software, algorithms, and digital creations

D. Hardware tools

Answer: Software, algorithms, and digital creations

145. Engineers must report unethical practices such as:

A. Code refactoring

B. System upgrades

C. Misuse of user data

D. Bug fixing

Answer: Misuse of user data

146. Collective bargaining refers to:

A. Individual negotiation

B. Negotiation between employers and workers' representatives

C. Court settlement

D. Government decision

Answer: Negotiation between employers and workers' representatives

147. Collective bargaining is based on the principle of:

B. Mutual negotiation and compromise

C. Judicial control

D. Government force

Answer: Mutual negotiation and compromise

148. Collective bargaining is an alternative to:

A. Cooperation

B. Industrial disputes and strikes

C. Negotiation

D. Arbitration

Answer: Industrial disputes and strikes

149. IEEE stands for:

A. International Electrical Engineering Entity

B. Institute of Electrical and Electronics Engineers

C. Indian Electronics Engineers Association

D. International Engineering Ethics Entity

Answer: Institute of Electrical and Electronics Engineers

150. Panchayati Raj was constitutionalized by:

A. 42nd Amendment

B. 73rd Amendment Act

C. 74th Amendment Act

D. 86th Amendment Act

Answer: 73rd Amendment Act

151. Municipalities were constitutionalized by:

A. 42nd Amendment

B. 73rd Amendment

C. 74th Amendment Act

D. 86th Amendment

Answer: 74th Amendment Act

152. Algorithmic bias is unethical because it causes:

A. Efficiency

B. Innovation

C. Unfair outcomes

D. Accuracy

Answer: Unfair outcomes

153. Fraternity in the Constitution of India mainly means:

A. Legal authority

B. Sense of brotherhood among citizens

C. Political power

D. Economic equality

Answer: Sense of brotherhood among citizens

154. An engineer discovers a design flaw that could endanger users. Fixing it will delay the project and increase costs. The company asks her to ignore it.

What is the most ethical action according to Kantian ethics?

A. Ignore the flaw to meet deadlines

B. Consider company profit first

C. Report the flaw and act according to duty

D. Let users decide

Answer: Report the flaw and act according to duty

155. A software update will inconvenience a few users but greatly improve security for millions.

Which ethical theory best supports releasing the update?

A. Virtue ethics

B. Ethics of care

C. Utilitarianism

D. Egoism

Answer: Utilitarianism

156. An engineer is asked to use low-quality materials to reduce project costs, even though it may affect safety.

What should the engineer do?
