

Ludo Galaxy: Rulebook

■ Game Objectives

The goal of Ludo Galaxy is to move all your tokens from your home planet to the Galactic Council Space Station (the center of the board). The first player to successfully move all four tokens to the finish wins the game!

■■ Setup Instructions

1. Place the board on a flat surface.
2. Each player chooses a planet (Mars, Neptune, Saturn, or Jupiter) and takes four matching tokens.
3. Shuffle the Power & Challenge Cards and place them in a deck face-down near the board.
4. Decide who goes first by rolling the die. Highest number starts.

■ Turn-by-Turn Gameplay

1. On your turn, roll the die and move one of your tokens forward by the number shown.
2. To enter the board, you must roll a 6. If you roll a 6, you also get another turn.
3. Tokens move clockwise along the path towards the center.
4. If your token lands on a space occupied by an opponent's token, you capture it and send it back to their home planet.
5. Spaces marked with shields are safe zones where tokens cannot be captured.
6. Only an exact roll can take you into the Galactic Council Space Station.

■ Power & Challenge Cards

At the start of each turn (before rolling the die), draw a card from the top of the deck.
Types of cards include:

- ■ Power Boost – Move an extra 3 spaces.
- ■■ Shield – Your token cannot be captured for 1 round.
- ■ Time Warp – Swap places with any opponent token on the board.
- ■■ Freeze – Lose your turn.
- ■ Reverse – Move one of your tokens backward 3 spaces.
- ■ Black Hole – Send one of your tokens back to your home planet.

After playing a card, place it in the discard pile. Reshuffle when the deck runs out.

■ Winning Conditions & Variations

- Standard Win: The first player to move all 4 tokens into the Galactic Council Space Station wins.
- Team Mode: Pair up into two teams. The first team to get all 8 tokens to the center wins.
- Speed Mode: Each player uses only 2 tokens instead of 4 for a quicker game.
- Challenge Mode: Players may hold a maximum of 2 cards at a time and must decide when to use them strategically.
